

**MINUTES OF MEETING
SPRING LAKE IMPROVEMENT DISTRICT**

The Regular meeting of the Board of Supervisors of the Spring Lake Improvement District was held Wednesday, May 14, 2014 at 10:00 a.m. at the District Office, 115 Spring Lake Boulevard, Sebring, Florida.

Present and constituting a quorum were:

Brian Acker	Chairman
Gary Behrendt	Vice Chairman
Bill Lawens	Assistant Secretary
Arlene Klingbiel	Assistant Secretary

Absent: Tim McKenna, Secretary

Also present were:

William Nielander	District Attorney
Joe DeCerbo	District Manager
Clay Shrum	Assistant District Manager
Diane Angell	Administrator

Residents	See sign in sheet
-----------	-------------------

FIRST ORDER OF BUSINESS

Roll Call and Pledge

Chairman Acker called the meeting to order and led the Pledge.

SECOND ORDER OF BUSINESS

Upcoming Meetings/Events/Correspondence

A. May 26th, Memorial Day (Office Closed)

The District received a letter from Chief Swen Swenson of the Florida Volunteer Fire Department thanking the District, Clay Shrum and his staff for working with their agency on getting information needed for an Insurance Service Audit. Because of this audit the Fire Department received a lower rating which will help give Spring Lake residents a lower insurance premium.

The Friends of Istokpoga Lake Association put an article in their May 2014 Newsletter regarding the budget bill in Tallahassee for the \$416,000 match for the FDEP Grant. They hope we receive this and are able to move forward with our project. The article stated it is important to remember that the District Water Control Plan is a direct benefit to the health of Lake Istokpoga.

THIRD ORDER OF BUSINESS

Request approval of Minutes

Brian Acker had several corrections for the minutes.

Under the sixth order of business regarding the contract Mr. Acker pointed out to the Board that he believed we were not following Florida public policy supported by legal opinions in awarding this contract because the expenditure of public money should be based upon a competitive process which has not taken place even though three vendors were provided to District staff.

Under the eighth order of business regarding travel reimbursement the third bullet should be modified to include the use of the personal vehicle to date of transfer.

**ON MOTION by Gary Behrendt, seconded by Arlene Klingbiel,
with all in favor the minutes from April 9, 2014 meeting
were tabled for corrections.**

FOURTH ORDER OF BUSINESS

Request approval of Financials

The Board received copies of the financials for April 2014 for review. There being no further questions.

**ON MOTION by Bill Lawens, seconded by Arlene Klingbiel,
with all in favor the April 2014 financials were approved.**

Brian Acker asked Diane Angell to explain the new entries in the Trial Balance called Due from Other Govt. – PY Taxes and Allowance for doubtful – due from Other Govt. Diane reported these accounts were set up by the auditor as offsetting accounts for uncollected assessments. The County holds these certificates and we will not receive these funds until the certificates are sold. The figures are for 2011 and 2012 tax years and will be adjusted at the end of the Fiscal Year to include 2013 taxes.

FIFTH ORDER OF BUSINESS

Manager

A. Legislative Update

David Ramba stated the budget will be on the Governor's desk shortly and then he has 14 days for line item vetoes. We should know the results by mid-June. It was noted that our project was removed from funding at the last hour and Ramba worked until 2 in the morning to get it back into the budget and save our initiative.

B. USDA

Joe read the following email he received from Ada Rivera April 29th into the record as another example of delays and lack of communication.

"Hi Joe, Hope everything is going well. I wanted to follow up on the pending application with us as we have not received the items necessary to complete the initial submissions, and we are running out of time to have the application funded under this fiscal year. Could you give me an update on the intention of the District to continue with the funding request? Is there something you need assistance from me?"

After discussion about the loan, staff was directed to put together a briefing outlining all the costs, processes, advantages, and disadvantages in continuing the process to completion. It will be ready for the July Board meeting.

C. Golf Course

The bank has taken control of the golf course and a representative of the bank met with Joe to resurrect conversation on the easement and pond issue that the County had surveyed. If requested, Joe and Gary Behrendt will meet with the bank.

D. Highlands County Encouragement Zone

This project is a continuation of the Visioning effort that began several years ago. It is an opportunity to plan and vision a future sustainable community for the Airport and Spring Lake area. There is no cost to the District other than staff time, and it will be directed by County Staff. All Board members were given a briefing in their Board packets.

ON MOTION by Gary Behrendt, seconded by Arlene Klingbiel with all in favor Resolution 2014-06 supporting the next phase of the creation of the Sebring Airport Encouragement Zone was approved.

SIXTH ORDER OF BUSINESS

Attorney

A. Purchasing Guidelines

Discussion was held regarding the necessity to update the Districts procurement policies and procedures. Bill Nielander and Brian Acker will get together with Joe and Diane to discuss and a draft will be presented to the Board for review.

Bill Nielander reported that the closing was complete on the purchase of Lots 34 and 37 for the Water Control Plan.

SEVENTH ORDER OF BUSINESS

Treasurer's Report

A. Update

The District received an assessment deposit in the amount of \$54,138. Collections for the year are General Fund 70%, Lot Mowing Fund 78%, and Village I Parks 88%.

B. Guardian

Diane Angell reported that Corbett Alday and his assistant Vel Burris came and spent the day with her setting up the complex filing system for the 319 grant. The first quarterly report has been filed with DEP. Diane thanked the Board for hiring them. Their expertise is going to be invaluable with the complex reporting requirements grants require.

EIGHTH ORDER OF BUSINESS

Working Groups

WATER – Bill Lawens opened discussion on Resolution 2014-07 Suspension of Water Service. Several changes to the written form were requested, and the need for an electronic signature if the form is filled out on the website. Staff will revise the form and discuss the online form with the Districts web developer. The revised resolution will be presented at the next Board meeting.

ON MOTION by Gary Behrendt, seconded by Arlene Klingbiel with all in favor to table Resolution 2014-07 Suspension of Water Service.

SUPERVISOR FUNCTIONS (DRAFT) – Joe DeCerbo opened discussion on the Supervisor Functions. Brian Acker provided some updates regarding the Boards responsibility to the Oath of Office. An updated list will be included in the next Board packet.

NINTH ORDER OF BUSINESS

Supervisor Requests

Arlene Klingbiel complemented the staff on the newly repainted sign at Russ Ankrom Park.

Gary Behrendt noticed that Randy and Clay have been digging out some canals to improve drainage.

Bill Lawens reported residents in Village VIII reported the no fishing sign was floating in the canal. Staff reported that the sign must have come off of the pole and they will get it fixed.

Brian Acker stated he appreciated the work staff did on correcting some road drainage issues. He questioned the drainage work being done on the canal on 98. Clay Shrum reported that it is

maintenance work being done to help with the lot mowing program. This area is low and tractors are getting stuck when it is wet. Discussion was held regarding the necessity of following up with the property owners and obtaining easements.

TENTH ORDER OF BUSINESS

Public Comments

Don Brewer stated he is a resident in Village VI south and reported that there isn't a sign at the Thunder Road entrance for no soliciting like there are at the other entrances. Staff will look into this.

Jan Hard requested that the two big trees on Lakeview and Duane Palmer Boulevard be trimmed. They are making it hard to see at this intersection.

ELEVENTH ORDER OF BUSINESS

Next Meeting

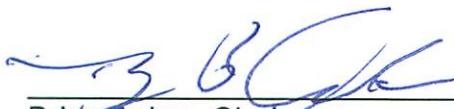

Discussion was held regarding canceling the June Board meeting due to a lack of a quorum. After discussion it was decided that a meeting can still be held but no action items will be decided on until the July meeting.

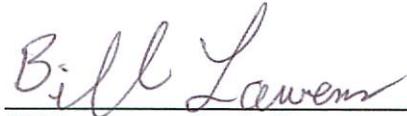

The next meeting will be June 11th @ 10:00 a.m. Time will be spent on the purchasing guidelines and policies.

TWELTH ORDER OF BUSINESS

Adjournment

ON MOTION by Bill Lawens, seconded by Gary Behrendt with all in favor the meeting was adjourned at 12:10 p.m.

Brian Acker, Chairman

Bill Lawens, Asst. Secretary

Subject: USDA Application

Hi Joe,

Hope everything is going well.

I wanted to follow on the pending application with us as we have not received the items necessary to complete the initial submission, and we are running out of time to have the application funded under this fiscal year. Could you give me an update on the intention of the District to continue with the funding request? Is there something you need assistance from me?

Thank you,

To Spring Lake Board:

I would like to thank you, the Spring Lake Improvement District Board of Supervisors and your water department staff for their time and dedication to working with our agency, the Lorida Volunteer fire district. We recently went through an Insurance Service Organization audit. The ISO rates fire departments on both internal and external operation from how the department trains to the type of equipment it has, along with communications and water supply. We are pleased to let you know we have received a respectable rating of 6/6x. The numbering system is from 1 being the best to 10 being the worst. This lower rating will give the SLID community a lower insurance premium.

I would also like to personally thank Clay Shrum and his staff for working with our agency. His staff has always worked close as a partner supplying water as needed for suppression activities to the fire department. Mr. Shrum worked very hard on getting the needed information on the water system for the audit in a timely manner. Without his help, I am sure that the rating would not have gone as smoothly as it did. Mr. Shrum and his staff are always willing to assist our agency when we need something. Having such a great working partnership, is a blessing compared to working with other water systems in Highlands County.

Sincerely,

Swen Swenson

RE: Lorida FD, Highlands County, FL
Public Protection Classification: 6/6x
Effective Date: August 1, 2014

Dear Chief Swenson:

We wish to thank you and Mr. Clay Shrum for your cooperation during our recent Public Protection Classification (PPC) survey. ISO has completed its analysis of the structural fire suppression delivery system provided in your community. The resulting classification is indicated above.

Enclosed is a summary of the ISO analysis of your fire suppression services. If you would like to know more about your community's PPC classification, or if you would like to learn about the potential effect of proposed changes to your fire suppression delivery system, please call us at the phone number listed below.

ISO's Public Protection Classification Program (PPC) plays an important role in the underwriting process at insurance companies. In fact, most U.S. insurers – including the largest ones – use PPC information as part of their decision-making when deciding what business to write, coverage's to offer or prices to charge for personal or commercial property insurance.

Each insurance company independently determines the premiums it charges its policyholders. The way an insurer uses ISO's information on public fire protection may depend on several things – the company's fire-loss experience, ratemaking methodology, underwriting guidelines, and its marketing strategy.

Through ongoing research and loss experience analysis, we identified additional differentiation in fire loss experience within our PPC program, which resulted in the revised classifications. We based the differing fire loss experience on the fire suppression capabilities of each community. The new classifications will improve the predictive value for insurers while benefiting both commercial and residential property owners. We've published the new classifications as "X" and "Y" — formerly the "9" and "8B" portion of the split classification, respectively. For example:

- A community currently graded as a split 6/9 classification will now be a split 6/6X classification; with the "6X" denoting what was formerly classified as "9."
- Similarly, a community currently graded as a split 6/8B classification will now be a split 6/6Y classification, the "6Y" denoting what was formerly classified as "8B."
- Communities graded with single "9" or "8B" classifications will remain intact.

PPC is important to communities and fire departments as well. Communities whose PPC improves may get lower insurance prices. PPC also provides fire departments with a valuable benchmark, and is used by many departments as a valuable tool when planning, budgeting and justifying fire protection improvements.

ISO appreciates the high level of cooperation extended by local officials during the entire PPC survey process. The community protection baseline information gathered by ISO is an essential foundation upon which determination of the relative level of fire protection is made using the Fire Suppression Rating Schedule.

The classification is a direct result of the information gathered, and is dependent on the resource levels devoted to fire protection in existence at the time of survey. Material changes in those resources that occur after the survey is completed may affect the classification. Although ISO maintains a pro-active process to keep baseline information as current as possible, in the event of changes please call us at 1-800-444-4554, option 2 to expedite the update activity.

ISO is the leading supplier of data and analytics for the property/casualty insurance industry. Most insurers use PPC classifications for underwriting and calculating premiums for residential, commercial and industrial properties. The PPC program is not intended to analyze all aspects of a comprehensive structural fire suppression delivery system program. It is not for purposes of determining compliance with any state or local law, nor is it for making loss prevention or life safety recommendations.

If you have any questions about your classification, please let us know.

Sincerely,

Dominic Santanna

and Florida Agricultural Experiment Station journal series #R-05253: First Record of Crested Caracaras nesting in cypress (scientific names & footnote references removed):

"On 11 February 1996, while surveying for Osprey nests around the margin of Lake Istokpoga in Highlands County, we found a Crested Caracara nest in a cypress. We believe this is the first published record of Crested Caracaras nesting in a cypress... At the site near Lake Istokpoga, the Crested Caracara nest tree is in a cattle pasture containing scattered live oaks and cypress and is 139 m from the lake margin... The nest tree is 8.5 m high and located within a group of 5 cypress. The nest was situated at the very top of the tree and was completely exposed. When discovered, the nest contained two nestlings approximately 4 weeks old. We followed progress of the nest through February and March 1996. Because the nest tree is located in a pasture along a major road and close to a residential area, it was relatively easy to observe the adults visiting the nest and to monitor chick development. On 12 March 1996, we banded the nestlings and fitted one with a radio transmitter as part of a study we are conducting of the reproductive ecology and habitat associations of Florida's Crested Caracaras. The chicks fledged successfully on 14 March 1996. Within 2 weeks after the chicks fledged, the nest blew down. It was similar in size, form, and appearance to other Crested Caracara nests. Another structure consisting of larger sticks remained in the tree, this apparently had provided support for the caracaras' nest. Crested Caracaras are known to reuse nests and to appropriate old nests of other species. We estimate that this pair could have begun nest building as early as November. Cypress are devoid of leaves at this time, so this tree was selected by the adults despite complete absence of leaf cover.

Crested Caracaras build loose, rather unkempt nests, so nest site selection may necessitate choosing a tree with adequate structural support. We believe the caracaras may have selected the cypress because the other structure was already there. Ospreys, Red-shouldered Hawks, American Crows and Fish Crows also nest in this area and could have built this structure. We do not know whether this structure had been there for some time or whether the caracaras displaced the other residents."

The "icing-on-the-carrion" for this writer was noticing that Joan L. Morrison's 1996 historical discovery was assisted by a very dedicated individual whom many of us know and respect. The "giveaway" should have been, "while surveying for Osprey." Yep, Mr. Mike McMillian continues to serve our wonderful Highlands County today, even as he continues his internationally recognized research on Ospreys. A humble "thank you" to someone who continues to help educate us on the fascinating treasures surrounding the Istokpoga shorelines, as well as being a contributor to its historical timeline.

What's Happening On Istokpoga?

By Bert Galloway, Director

Spring has sprung and summer is not far off. The anglers have been busy this past winter and early spring and they have been rewarded with a good amount of fish for their efforts. Most of the projects on the lake are completed and things should stay pretty quiet until this coming fall. Also it is good to see that the Osprey and Sandhill cranes are very active raising their new chicks. Following are some of the activities that have or will be occurring on the lake in the next few months. If you have any questions about or ideas for this column please Email them to friends@istokpoga.org, we can always use your help.

Istokpoga Marsh Irrigation Structure on 621

On County road 621 about a quarter mile west of the entrance to Eagles Nest is a large irrigation structure that the Istokpoga Marsh District uses. In the past year this structure has experienced some erosion problems because of its age and amount of use. Repair of this structure is in the planning stage. This is an ongoing project that should be completed this fall. We have no new info at this time but we will give you a complete update in the fall newsletter.

Spring Lake Water Control Plan

Spring Lake Improvement District has a budget bill in Tallahassee for \$416,000 to be able to match a Florida Dept. of Environmental grant that will allow them to store millions of gallons of water in their water retention area. Let's hope that Spring Lake receives this grant and are able to move forward with their ambitious project. It is important to remember that their water control plan is a direct benefit to the health of Lake Istokpoga. As we have mentioned before the Spring Lake Pump Station discharges 1.85 billion gallons of water into Arbuckle Creek every year which greatly impacts Lake Istokpoga.

FWC Vegetation Control

FWC has finished the harvesting work on Big Island and Bumble Bee for this season.

This summer there may be some spot treatment work done on the hydrilla but for the most part the FWC invasive plant management team is in a wait-and-see mode and unless conditions change most of their work will be done in the early fall of 2014, if it is needed.

This spring the FWC crews have been burning some of their treated cattail sites. This effort allows more of the native grasses to grow in these areas and it prevents the creation of nutrients in the lake from the de-

RESOLUTION 2014-06

A RESOLUTION OF THE SPRING LAKE IMPROVEMENT DISTRICT (SLID) SUPPORTING THE NEXT PHASE OF THE CREATION OF THE SEBRING AIRPORT ENCOURAGEMENT ZONE/SPRING LAKE MIXED USE DEVELOPMENT AREA AND RECOGNIZING THE EFFORT IS CRITICAL TO FURTHERING ECONOMIC DEVELOPMENT IN HIGHLANDS COUNTY. SLID FURTHER AUTHORIZES APPLICATION TO THE FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY FOR A COMMUNITY PLANNING TECHNICAL ASSISTANCE GRANT.

WHEREAS, the Board of County Commissioners, on October 1, 2013, unanimously approved the Funding and Program Agreement with the Florida Department of Economic Opportunity (DEO) to develop a vision framework for the Highlands County 2030 Comprehensive Plan and a Preliminary Vision Study for the Sebring Airport (Encouragement Zone) Overlay; and

WHEREAS, the development of the vision framework allows for a clear process, shorter timeline and more confidence in the citizen, business community, property owner, and government engagement partnership thereby promoting economic development while providing for strategic and proactive planning; and

WHEREAS, through the 2013 DEO Community Planning Technical Assistance Grant, on April 1, 2014, the Board of County Commissioners adopted the amendments to the Highlands County 2030 Comprehensive Plan establishing the vision framework; and

WHEREAS, the staff of Board of County Commissioners has engaged stakeholders in the first phase of this project to develop the Preliminary Vision Study including the Sebring Airport Authority, Spring Lake Improvement District, City of Sebring, Avon Park Air Force Range, and Central Florida Regional Planning Council; and

WHEREAS, the Board of County Commissioners finds it pertinent to the County's economic development to continue the next phase of this project to create an Encouragement Zone Overlay including a conceptual plan and implementing Comprehensive Plan Amendments and Land Development Regulations; and

WHEREAS, the Board of County Commissioners recognizes the Sebring Regional Airport (Encouragement Zone) overlay as a critical component to economic development in Highlands County.

NOW, THEREFORE BE IT RESOLVED, by the Spring Lake Improvement District Board of Supervisors that:

SECTION 1. Highlands County is recognized as a Rural Area of Critical Economic Concern (RACEC).

SECTION 2. The Sebring Regional Airport is designated as a RACEC Catalyst Project for the Heartland region and is identified as a key project in the Comprehensive Economic Development Strategy (CEDS) for the region.

SECTION 3. Creation of the Encouragement Zone Overlay requires amendment of the Comprehensive Plan and specific implementing Land Development Regulations to ensure viable economic development activities at this key regional employment center.

SECTION 4. Submittal of an application to the DEO for funding through the 2014 Community Planning Technical Assistance Grant is necessary to complete this essential economic development project.

Resolution 2014-06 adopted this 14th day of May, 2014.

Spring Lake Improvement District

By:

Brian Acker, Chairman

Attest:

By: Bill Lawens

Bill Lawens, Asst. Secretary

Exhibit A

**HIGHLANDS COUNTY
SCOPE OF WORK**

In October 2013, the Florida Department of Economic Opportunity awarded Highlands County a Community Planning Technical Assistance Grant to create a visioning framework to be adopted in the County's Comprehensive Plan. The grant also allowed for the development of a Preliminary Vision Study which is the first phase to establish an Encouragement Zone Overlay for the Sebring Regional Airport Area.

Funding under this Agreement is provided for the finalization of the Vision Study for the creation of the Encouragement Zone Overlay (Overlay) for the Sebring Regional Airport Area. This Agreement also provides for the development of goals, objectives and policies for the Overlay in the Comprehensive Plan and implementing Land Development Regulations for Highlands County. The County is recognized as a Rural Area of Critical Economic Concern and Sebring Regional Airport is the designated location for the identified catalyst project. This critical next phase of the project continues a proactive strategy to promote economic resilience and planning in the County.

Introduction

As the Sebring Airport Authority (Authority) continues to develop the Sebring Regional Airport and Commerce Park, the Authority and the County desire to finalize the Vision Study for the creation of the Overlay for the Sebring Regional Airport Area. The Authority and the County also desire to develop goals, objectives and policies for the Overlay in the Comprehensive Plan and implementing Land Development Regulations.

To accomplish this, work will be coordinated with Staff of the Sebring Airport Authority, Sebring International Raceway, Highlands County, City of Sebring, Spring Lake Improvement District, South Florida Water Management District, Avon Park Air Force Range, and Central Florida Regional Planning Council to propose changes to the Highlands County Comprehensive Plan and Land Development Regulations. Policies and regulations will be specific to the boundaries of the Encouragement Zone through the finalization of the Overlay to be mapped in the Highlands County Comprehensive Plan. The development of the Overlay is consistent with the visioning framework developed and adopted by Highlands County. This completed work will provide policies and regulations to ensure viable economic development activities at this key regional employment center.

The Overlay will be developed, in part, based on the finalized Vision Study which is conducted to define the potential boundaries of the Sebring Airport Overlay based on but not limited to existing and planned infrastructure, environmental characteristics, and location of properties. The preliminary data for this area including socioeconomic, physical, and land use has been gathered as part of Highlands County's development of the visioning framework. As part of the finalizing of the Vision Study, meetings with identified governmental stakeholders, and meetings including a public workshop with area property owners will also be conducted. There are approximately 41 property owners, each with 50 acres or more of land, covering over 11,423 acres in the Overlay who will be engaged in this phase of the project. The creation of Overlay

District regulations will be developed as amendments to the Highlands County Land Development Regulations.

As part of the work effort, the staff work group will continue which consists of staff from the Sebring Airport Authority, Sebring International Raceway, Highlands County, City of Sebring, Spring Lake Improvement District, South Florida Water Management District, Avon Park Air Force Range, and Central Florida Regional Planning Council. This work group will provide input throughout the process to develop the Overlay and related policies and regulations.

Proposed Tasks

1. Recipient shall coordinate with the Sebring Airport Authority, Sebring International Raceway, Highlands County, City of Sebring, Spring Lake Improvement District, South Florida Water Management District, Avon Park Air Force Range, Central Florida Regional Planning Council, and other identified groups as the Vision Study is finalized to establish the foundation of the Sebring Airport Overlay (Encouragement Zone).
2. The Recipient shall refine the boundaries of the Encouragement Zone based on but not limited to existing and planned infrastructure, environmental characteristics of the properties and location of the properties. The preliminary data for this area including socioeconomic, physical, and land use was gathered as part of Highlands County's development of the visioning framework and Preliminary Vision Study of the Encouragement Zone.

Deliverable: Documentation of meetings with the Sebring Airport Authority, the Sebring International Raceway, Highlands County, City of Sebring, Spring Lake Improvement District, South Florida Water Management District, Avon Park Air Force Range, Central Florida Regional Planning Council, and other identified groups. Map of Finalized Vision Study Area of the Encouragement Zone and summary of input received. (due September 30, 2014)

3. Following finalization of the Vision Study, the Recipient will:
 - a. Provide the Overlay Map to be added to the Highlands County Future Land Use Map Series of the Highlands County Comprehensive Plan.
 - b. Finalize draft goals, objectives and policies that support the Overlay to be incorporated into the Highlands County Comprehensive Plan through Comprehensive Plan Amendments.
 - c. Draft Future Land Use Map amendments for properties included in the Overlay as recommended by the planning study.
 - d. Draft a Conceptual Design for interconnectivity to the Commerce Park.
 - e. Conduct regular meetings with the staff work group.
 - f. Meet with property owners within the defined study area.

DRAFT FOR REVIEW 4-25-14
Proposed for Grant Funding

- g. Provide updates to the Sebring Airport Authority, Highlands County Board of County Commissioners, City of Sebring City Commission, Spring Lake Improvement District, South Florida Water Management District, Avon Park Air Force Range and the Central Florida Regional Planning Council.

Deliverable: Finalized Vision Study, goals, objectives and policies for the Comprehensive Plan that support the Encouragement Zone Overlay. Draft a Conceptual Design for the Encouragement Zone that includes a mix of uses, jobs, and a variety of housing types and services to support the Zone as part of an interconnected community with walkability, amenities and open space to make all uses successful.

- 4. The Recipient shall prepare the Highlands County Land Development Regulations to implement the Overlay.
 - a. The Recipient will work with the staff working group to develop amendments to the Highlands County Land Development Regulations.
 1. Draft Land Development Regulations corresponding to the principals of the Overlay District including but not limited to design guidelines, intergovernmental coordination, etc.
 2. Review Draft regulations with the staff working group.
 3. Revise Draft regulations based on staff comments.
 - b. Prepare for and facilitate a public workshop on Draft regulations.
 - c. Revise the Highlands County Land Development Regulations based on input from the public workshop.

Deliverable: Proposed Highlands County Land Development Regulations implementing the Sebring Airport Overlay. Documentation of public workshop. (due May 31, 2015)

Exhibit B
Payment Plan

Payments shall be made in accordance with the Scope of Work (Exhibit A) based on acceptance and approval of deliverables by the Department of Economic Opportunity according to the schedule below. No partial or pro-rated payments will be made without prior written modification in accordance with Section 5 of this Agreement.

Deliverable	Due Date	Payment
Task 1. Documentation of meetings with the Sebring Airport Authority, Sebring International Raceway, Highlands County, City of Sebring, Spring Lake Improvement District, South Florida Water Management District, Avon Park Air Force Range, Central Florida Regional Planning Council, and other identified groups. Map of Finalized Vision Study Area of the Encouragement Zone and summary of input received.	September 30, 2014	\$15,000
Task 2. Finalized Vision Study, goals, objectives and policies for the Comprehensive Plan that support the Encouragement Zone Overlay. Draft a Conceptual Design for the Encouragement Zone that includes a mix of uses, jobs, and a variety of housing types and services to support Zone as part of an interconnected community with walkability and amenities to make all uses successful.	January 31, 2015	\$15,000
Task 3. Proposed Highlands County Land Development Regulations implementing the Sebring Airport Overlay. Documentation of public workshop.	June 5, 2015	\$10,000
<u>Total</u>		<u>\$40,000</u>

SPRING LAKE IMPROVEMENT DISTRICT

Un-audited Financial Statements

**As of
April 30, 2014**

**Board of Supervisors Meeting
May 14, 2014**

I. P & L Budget vs. Actual

II. Trial Balance

III. Check Run Summary (including Cash Disbursements/Receipts)
